

2. Behavioral Practice Log

(Admin / IT / Compliance-Facing Document)

Purpose

To document observed participation in scenario-based behavioral practice.

This log records **group-level participation**, not individual performance.

It does not assess grades or track personal device activity.

Session Information

- School / Class:
 - Date:
 - Facilitator:
 - Format: Scenario-based discussion and decision practice
-

Observational Indicators

HACK Signal Recognition

Students correctly identified psychological triggers in simulated scenarios.

Decision Awareness

Students demonstrated the ability to pause before choosing a response.

Discussion Themes

Common pressure points observed (e.g., authority vs. peer comfort).

Notes (Optional)

Brief qualitative observations from the facilitator.
